Subject: Signature Required - FRNs for Vanadium and Chloroprene

Hi Wayne – Attached to this email are the FRN for chloroprene for your signature. EPA's FR office sent back the FRNs for both vanadium and chloroprene. Apparently, your badge signature is "Wayne Cascio" with no middle initial (see below). The FR office said that the Word document and your digital signature on your badge has to be an exact match. I went ahead and deleted the "E" from the signature line of the Word document.

Do you mind resigning this FRN?

Given the delay, we are reevaluating the public meeting date for vanadium. We'll send you an updated FRN for vanadium as soon as we have a new meeting date selected.

- Dahnish
